NPDES NO. CA0006416

AN ORDER RESCINDING ORDER NO. 73-76

HEUBLEIN, INCORPORATED
MENLO PARK
SAN MATEO COUNTY

The California Regional Water Quality Control Board San Francisco Bay Region finds that:

1. The Regional Board on December 27, 1973, adopted Order No. 73-76 prescribing waste discharge requirements for Heublein, Incorporated, hereinafter called the discharger, for the discharge of cooling water, with a small amount of boiler blowdown and plant washdown water resulting from the distilling of vodka and gin.
2. In letters dated January 12, 1978, and April 27, 1978, the discharger advised that, as a result of operational changes, discharge of all wastewater has been eliminated. On February 14, 1978, an inspection by Regional Board staff verified that discharge of all wastewater had ceased.
3. The Board has notified the discharger and interested agencies and persons of its intent to rescind waste discharge requirements, and has provided them with an opportunity for a public hearing and an opportunity to submit their written views and recommendations.
4. The Board in a public meeting heard and considered all comments pertaining to the rescinding of waste discharge requirements.

IT IS HEREBY ORDERED THAT Regional Board Order No. 73-76, NPDES Permit No. CA0006416 is rescinded.

I, Fred H. Dierker, Executive Officer, do hereby certify that the foregoing is a full, true, and correct copy of an order adopted by the California Regional Water Quality Control Board, San Francisco Bay Region, on July 18, 1978.
